

I am a resident of Raleigh, NC. My entire family enjoys listening to K-LOVE radio. We listen to it many hours per day. It is the primary radio station that we are tuned to in all of our cars.

We would be very negatively impacted if K-LOVE was replaced by an LPFM broadcaster providing other programming. We rely on K-LOVE to help keep us spiritually uplifted throughout the day and night.

We believe in our negative, rushed culture, that stations like K-LOVE are vital to the public interest. K-LOVE is kid friendly and free of vulgarity. Whether a Christian or not, its message of love and hope is positive and uplifting; something all individuals need today.

Please ensure that our community will continue to enjoy this wonderful public service.

Respectfully,

Ronda Churchill
